**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want competition in my community and I want the Internet provider to compete for Broadband. I use Sonic, a small regional ISP who has been here since day 1 of the Internet era. They are pushing Fiber to the Home to more homes than any other while other cable provider watch and increase prices.

I am a happy customer of Sonic.com waiting for them to deliver fiber to my home while I use their DSL.

Listen to this American small business. They matter.

Thank you
